SW-25	Lair Hill Park SW 2nd Avenue and SW Porter Street	SW-50	Boulevard Median At SW Montgomery & SW Harbor Streets

DISCLAIMER: Please do not attempt to go to a Basic Earthquake Emergency Communication Node if you feel that doing so would put you in danger. These sites will not have supplies or provisions immediately following an earthquake or other citywide disaster. The primary role of these sites is communication and information sharing: between neighborhoods, agencies and Portland's Emergency Coordination Center. It may take up to two days, or longer, for these sites to become operational. Locations may change over time, or be relocated after a disaster if the pre-designated site is not safe.
