## Welcome to Glenwood Place Condominiums!

We are so happy you have joined our community. Don't be surprised when you make friends at the mailboxes, or your neighbor waves at you from their car. That's just how we are! We have a Welcome Committee that will meet with you if you would like, to explain the information in the Owners' White Binder, but in the meantime, here are a few things you might want to know right away.

Also included in this packet is our Resident Contact Information form and would really appreciate it if you would complete the form and drop it in our Office Dropbox located next to the mailboxes.

You are a member of two homeowners' associations. Summerplace HOA oversees the Clubhouse and the grounds as well as the single-family dwellings on the property. Glenwood Place HOA manages the condominium buildings and the grounds surrounding them as well as the welfare of the condominium residents.

Each building in Glenwood has a Building Representative who lives there and is available to answer questions. In addition, the Association Board of Directors is made up of volunteer residents who can be reached by an AVR form or called if you need information.

Now, we would like to introduce you to the volunteer Board Members of Glenwood Place HOA:

Chair – Judy Evans  
Secretary – Diane Larson  
Treasurer – Ashleigh Norment  
Landscape – Kathy Caricchio  
Maintenance – Kitz Anderson

The Board meetings are held on the second Friday of each month at 10:00 a.m. in the Summerplace Clubhouse, and all residents are invited to attend. The room it is held in is called the Klickitat Room which is on the lower level of the Clubhouse. While attending the meeting you can meet the Board members and other volunteers and, maybe find a committee you would like to join!

In the meantime, may we suggest you visit the Glenwood Place website at [glenwoodplacehoa.com](http://glenwoodplacehoa.com) for an abundance of information about our community.

*We all have made the choice to live in this lovely development – a safe, clean, and friendly environment.*
